16, Wednesday	46	59	47	59
17, Thursday	50	64	57	64
18, Friday	50	71	61	71

Personal and Social.

Mr. and Mrs. E. H. Williams and Mrs. W. D. Williams will leave for New York early next week.

The Saunders Bros. caught 150 fish Friday evening, and on Saturday offered them for sale on the streets.

Mrs. J. J. Horton, Mrs. Williams and little Miss Majorie Williams are spending the week in St. Augustine.

Messrs. W. B. Campbell and J. C. Grimsley have been sporting mild attacks of chicken pox during the past week.

Mr. and Mrs. C. A. Pratt leave for their home in Milton, Vt., today much to the regret of all Crescent City people.

Mr. and Mrs. Batchelder, who have been guests at Crescent Inn the past 10 days left for their northern home last Monday.

Mrs. Fred Anderson will entertain the Ladies Aid Society of the Presbyterian church at her home on Friday afternoon.

Miss Clara Wallace, an attractive young lady of Wheeling, W. Va., is spending some time in the city, a guest at Grove Hall.

Mr. G. W. Carpenter of Port Chester, N. Y., is spending the week at Grove Hall, and every one in the city is delighted to greet him again.

The mild form of chicken pox which has been epidemic in Crescent City the past few weeks has now well-nigh exhausted itself. Very few children have escaped.

The present week marks the close of the lenten season. The solemn service of Good Friday will be celebrated at the Episcopal church in the morning, and on Sunday morning following comes the joyous Easter.

Mr. and Mrs. S. W. Goodale of Detroit, Mich., after a pleasant visit of a week with old friends, will return north today, probably stopping for a day or two en route to visit with the family of Capt. G. U. Beach, at Savannah, Ga.

Among Saturday night arrivals at Grove Hall by steamer Crescent were John Donk, St. Louis; Mrs. W. L. Neff, Councilville, Pa.; Miss White, Pittsburg, and Mr. and Mrs. E. Kent, of Philadelphia. The entire party will spend at least a week here.

Mrs. Colby of Jamestown, N. Y., who has been a guest at Crescent Inn for several weeks past has made up her mind to prolong her stay in this vicinity indefinitely, and has secured board with Miss Turner, near Denver, where she can try the beneficial effects of the pine woods.

Mrs. H. A. Carl and daughter, Mrs. Ritch, are spending the week at St. Augustine, whither they went last Friday. Mr. Dave Carl who had been on a trip to Miami and Palm Beach joined his mother and sister at St. Augustine on Saturday. All will return to Crescent City tomorrow.

Miss Spencer, of Springfield, Mass., who has been spending the winter with Mrs. F. S. Crotty, expects to leave for her home today in company with Mr. and Mrs. C. A. Pratt. Miss Spencer has made many friends during her stay here, and the hope is generally expressed that she will come among us again.

Mrs. M. B. Bissett and son, Mr. Dave Bissett, of Harrodsburg, Ky., who have spent the season here at the home of Mrs. F. S. Crotty, have gone home via Palatka and St. Augustine. Mrs. Bissett said she expected to return to Crescent City again next winter, a piece of news which will be pleasing to all those of our people whose good fortune it has been to meet this pleasant lady.

The ladies of the V. I. A. gave another one of their open meetings in the hall last Monday afternoon, the same being fairly well attended by members and friends. Mrs. Frank Gautier read a paper entitled "A Trip through Mammoth Cave," by Miss Jones of Dayton, and Mrs. M. B. Traile read one on "Child study," by Mrs. J. Warren of Green Cove Springs. The papers were listened to with great interest.

Mr. and Mrs. Wm. Engley and daughter, Miss Bernice, of Attleboro, Mass., terminated a pleasant visit here on Friday last, when they started on the home journey, which contemplated stops at St. Augustine, Jacksonville, Savannah, and the Charleston Exposition. Mr. and Mrs. Engley left here on the launch Spry which they chartered to take them as far as Palatka, and accompanying them on this ride as their guests were Mr. and Mrs. Geo. S. Morse, Mrs. F. S. Crotty, Mrs. F. M. Payson and children, Mrs. E. L. Waterman and children, Mrs. A. B. Torrey, and Mrs. W. A. Russell. It was a pleasant party and all enjoyed the trip immensely.

Mr. C. L. Chamberlin made a business trip to Palatka on Monday.

Mrs. A. B. Appleby has opened a private school at her home for such of the young people whose parents desire them to continue the studies interrupted by the closing of the public school. Mrs. Appleby has had several years experience as a teacher in the public schools of Florida and South Carolina, and that she has consented to assume charge of a private school in our town is pleasing to parents generally. The News feels that Mrs. Appleby is doing a great public service.

Mr. James Malcolm and his charming daughter, Miss Sadie, of Jericho, Long Island, terminated their visit here last Monday, when they started for their home via St. Augustine, at which place they will stop a couple of days before resuming the journey north. With them went Mr. Benj. N. Daughtry also of the same Long Island village. Mr. Malcolm and his daughter have been coming to Crescent City for several seasons and their annual visits are always looked forward to with pleasure by townspeople and hotel guests alike. Mr. Daughtry who came with them this winter, spent his first season in Crescent City and he seemed so well pleased with our people and the climate that he has promised to come again.

Hon. James R. Howe of Brooklyn, New York arrived here on Monday for a brief stay. From here he goes to Lake county to look after his interests in the kaolin mines of that section. Mr. Howes states that it had been his purpose to spend some considerable time in Crescent City this winter, but that the illness of Mrs. Howe who has been confined to her room by catarrh formations on her eyes, had prevented. He hopes next winter to be able to come down and make a long stay. Mr. Howe retired from his position as Register of Kings county, N. Y., last January. It will be remembered that when he became a candidate for this office he pledged the people that he would do his utmost to make it a salaried position instead of the fee system then in vogue and by which the incumbent of the office got an average of \$75,000 a year in fees. He took the position that the Register should be paid a fair salary but that the profits of the office should go into the public treasury. The people had confidence in him and that confidence has not been misplaced for Mr. Howe has been as good as his word. Through his efforts a law was passed at Albany abolishing the fee system and making the office of Register a salaried one. From the fees of the office during his incumbency Mr. Howe has given to the city of Brooklyn an equestrian statue of Washington, and the same is now being designed. Prior to his election to the office of Register, Mr. Howe served two terms in Congress. He says he is now through with the turmoil of public life.

Mr. Icehour Retires.
Mr. J. A. Icehour for many years superintendent of the extensive grove property of Messrs. McCormick, Hubbs & Co., located at this place and in Orange county, has tendered his resignation, the same to take effect May 1st, and the resignation has been accepted. This information was furnished the News by Mr. James McCormick, brother of the senior member of the above firm of owners. Before leaving Crescent City the editor made an effort to see Mr. Icehour to learn his plans for the future, but failed in his efforts. From a gentleman well acquainted with him, however, it was learned that Mr. Icehour has received a flattering offer elsewhere, in the event of his acceptance of which he will remove from this place. He has, however, a growing property of his own here, and may conclude to stay and give his attention closely to its building up.

Mr. Icehour has lived in Crescent City for many years and is a gentleman of recognized ability in the management of orange properties. Should he decide to go from our city his departure will cause general regret.

For the present the McCormick & Hubbs properties, which consist of about 70 acres of well advanced and thrifty trees, will be under the supervision of Mr. James McCormick, with Mr. Lundberg as foreman.

Mr. J. R. Hill's Retirement.
The announcement comes from Daytona that Mr. J. R. Hill, formerly of this place, has been forced through failing health to sell out his interests in that thriving city. In speaking of the retirement of Mr. Hill the Halifax Journal of Daytona says:

"Many of the readers of the Journal will be surprised to see the announcement in another column of the retirement of Mr. J. R. Hill, the ground, building and stock, and all will regret the fact, knowing that it will result in the loss of Mr. Hill and family as citizens. To himself and some other of his friends the loss has been known for some months, hence the announcement of the retirement of business and property is no surprise. Mr. Hill has been a prominent citizen in church and business, a leading member of the Congregational church and president of the board of trade, and has held the confidence of all our people. Coming to Daytona from a neighboring town a few years since, a stranger to all, he quickly won his

ay and built up a large and prosperous business, which has increased yearly until he became a leading merchant of the east coast. With a business not confined to Daytona, but reaching out to all the neighboring villages through his liberal methods of advertising, and making trade tributary to our city which had heretofore gone to Jacksonville and other cities. Falling health again takes Mr. Hill from the home of his choice, and he leaves us most regretfully, but a higher altitude and dryer climate seem to be imperative required by his physical condition. We shall part with Mr. Hill and his family with great regret. Fortunately they will remain some months longer, when we shall bid them God speed in their new home where ere it may be."

The above announcement of the collapse of Mr. Hill's health will not fall upon our readers with the full force of unpreparedness, but the shock is there, nevertheless, and it strikes a cord of sympathy in the breast of every citizen of Crescent City whose privilege it was to live here when J. R. Hill was one of the leaders in the business and social life of this place as he later got to be in Daytona. His friends here have long known of his decline in health, but they have hoped that recovery was possible without the sacrifice that he has been forced to make of home and business. That he has decided to make the sacrifice, and make it without unnecessary delay, constitutes the hopeful sign in his case, and the News along with his hosts of old friends in these parts not only hope but confidently expect to see him on his feet again, and once on his feet he will not long remain in the background in a business and social way. Mr. Hill still has interests in Crescent City, and it is thought that he may come here for a short rest. His friends hope so.

Lots of Orange Blooms.
One only needs to take a trip through the larger orange groves in and about Crescent City to become satisfied that the coming seasons gives promise of a return to our old time prosperity. Many of the groves are absolutely heavy with bloom, and while it is impossible to predict the size of the coming season crop from this show of flower, the News believes it makes a conservative estimate when it places next fall's crop of fruit from Crescent City at from 10,000 to 12,000 boxes. Many of the trees are a third larger than last year, and thousands of them that bore little if any fruit last season will be laden this fall. Last years crop amounted to more than 2,500 boxes, and to one who has taken the trouble to look over the groves it is easy to believe that the coming crop will be fully four times as great. The McCormick & Hubbs trees which had little if any fruit last year are blooming generously this, and the larger trees are capable of bearing at least two boxes. They have from 1500 to 1800 large trees.

Capt. J. W. Miller has 3,000 trees capable of bearing fruit. Last year he shipped 780 boxes. The larger trees both on his home place and on the old Burton & Harrison groves are now laden with bloom, and any one who harbors any doubt as to our estimate of his crop will have that doubt dispelled by looking through his groves this week. It is safe to say that he will have from 3,000 to 3,500 boxes.

The big Williams grove is also a pretty sight, and will be a heavy bearer this year as also will the groves of Chas. Morrow and M. H. White and a dozen or more growers in that section. Crescent City will soon be on its feet again.

School Site Accepted.
The ladies of the V. I. A. have accepted the property of Mr. D. A. Latta of Griffin, Ga., and will purchase for the purpose of a new school building the half block owned by Mr. Latta next south of the Episcopal church. The location is an ideal one for school purposes.

Mr. Latta has made the association a price on the lot which shows that he has not lost interest in Crescent City. In fact it may be said that he has made a most liberal donation to the town he lived in so long, for the purpose of a better public school.

The ladies, as the News stated last week, have undertaken a big job. But their organization is well equipped for the work, the members have the interest of the work at heart, and they deserve success in the undertaking.

Let every citizen help some.

The Postponed Recital.
Owing to the severe storm of last Friday night the recital of Mrs. Josephine Bunker which had been announced to take place at the V. I. A. hall that evening for the benefit of the V. I. A. was postponed until Monday evening the 31st inst.—next Monday night.

The proceeds of the entertainment will be devoted to the fund now being raised for a new school building, and it is hoped that every one will not only feel it a duty but a pleasure to attend and thereby swell the receipts. The News can promise them that the entertainment will pay 200 cents on the dollar in pleasure, to say nothing of the satisfaction derived from the contribution to a worthy cause. Mrs. Bunker will recite eight numbers, and these will be interspersed with vocal and instrumental music by the Misses Hutchinson, Mrs. E. C. Williams and Messrs. C. H. Preston and S. M. LaBree.

A Base Ball Challenge.

The Crescent City Juniors heretofore challenge any Palatka Junior base ball club, whose members range in age between 12 and 15 years, to a series of friendly contests, one game to be played in Palatka, one in Crescent City, and the third, in case of a tie, to be determined by toss of coin. Any communications looking to an acceptance of this challenge may be addressed to Harry Ritch, president, or Egbert Hutchinson, secretary, Crescent City, Florida.

The above challenge has been sent to the News with the request to publish. The News can state positively that the Crescent City team is composed of school lads whose ages actually range between the ages named. They are among the young gentlemen of the town, and play gentlemanly ball, and in courtship the matches outlined in the above challenge they desire a friendly sport for sports' sake.

WOMEN AND JEWELS.
Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boecher's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from a system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. Green's reliable remedies at Lounds' Drug Store, Crescent City. Get Green's Special Almanac.

COMO.
The tableaux and ice cream and things given by the Sunshine Society on Thursday evening of last week was thoroughly enjoyed. Jenny-son's "Dream of Fair Women" was taken to illustrate, and the stage being profusely and tastefully decorated, the scene was beautiful and the lady illustrators, in their appropriate costumes, did themselves great credit. Those taking part, in the order of their appearance, were as follows: Miss Phoebe Carson, Mrs. A. B. Robinson, Mrs. A. W. Underwood, Miss Jennie Palmer, Miss Susie Carson, Mrs. L. A. Hart, Mrs. J. H. Babers, Miss Buck. Mrs. B. N. Bradt read the poem and the decorative covers. Messrs. Gates, McNab, Williams and Isom.

Miss Carrie W. Carter arrived from the north on Wednesday of last week, and was heartily welcomed. Her father was expected to arrive early this week.

Mr. G. C. Moore and Viola of Cambridge Springs, Pa., were in Como on Friday on a short visit.

Mr. and Mrs. Ludlow, of Petoskey, Mich., who have been spending the winter at Mt. Dora, have been visiting Mr. and Mrs. Belknap at Como.

Rev. J. K. Ford, pastor of the M. E. Church, lectured before the Chautauque at Mt. Dora on Friday evening of last week on "Wit and Humor." Mr. Ford is billed for another lecture before the season closes.

The Sunshine Society was invited to spend the afternoon of Tuesday of this week at All View Cottage and accepted, and doubtless had a good time.

The Epworth League met Sunday evening at the M. E. Church, Miss Jennie Palmer leading.

Everybody, almost, has been out fishing these days; that is those who could get up early enough in the morning to catch bait.

Mr. A. B. Williams, of New Philadelphia, O., left for Louisville on his way home on Wednesday, amid the regretful farewells of the whole community.

The following resolution is presented in behalf of the Lake Como Good Will Circle P. S. S.

Resolved: That in the death of Miss Deney E. Rockwell our community has lost a shining and constant example of the christian virtues, and our Sunshine Branch a member ever constant and faithful in good works and kind thoughts throughout a long life.

SO SWEET AND PLEASING IN TASTE.
Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaks of Ballard's Horchond Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that I will do, and has done, what is claimed for it—to speedily cure a cough or cold; and it is so sweet and pleasing in taste." 25c, 50c and \$1 per bottle at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

BAX ON LIMBURGER CHEESE.
Dr. M. K. Allen, health officer of Louisville, Ky., has begun a crusade against limburger cheese. Allen says that any food that smells as strong as limburger cheese cannot be wholesome, and he has issued an order that the cheese must not be sold. The German citizens have held an indignation meeting.

A PHYSICIAN WRITES.
"I am desirous of knowing if the profession can obtain Herbine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected, to their healthy activity." 50c per bottle at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

DR. H. C. WELCH
Will be at his office in CRESCENT CITY on Thursdays, Fridays and Saturdays of each week.

Office on Central Avenue.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Testimony:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for calumny, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and 10 days, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 720 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.
